COMING EVENTS

DID YOU KNOW . . .

YOU CAN POST SCORES WHEN YOU PLAY ONLY 9 HOLES. The USGA has a system that allows two 9-hole scores to be combined to create an 18-hole score that is designated with the letter C (combined nines). Nine-hole scores are combined in the order that they are received into the player's scoring record from any club or from any combination of nines. An 18-hole score created by the combination of two 9-hole scores will display the date and course name of the latest 9-hole course score.

YOU CAN POST SCORES WHEN A COMPLETE ROUND IS NOT PLAYED. If 13 or more holes are played, the player can post an 18-hole score. If 7-12 holes are played, the player can post a 9-hole score. In either case, scores for un-played holes must be recorded as par plus any handicap strokes that the player is entitled to receive on the un-played holes. If you want to know more information, please contact me.

In reviewing member scoring records, I noticed that several only have TRGC scores posted in the handicap system. All TRGC rounds are designated as T scores (tournament). Other types of scores include H (home) and A (away). USGA advises us to post all rounds to provide a mix of score types in order to establish a legitimate handicap. But, remember that this year the USGA asked us not to post scores when we play alone. The GHIN System automatically compares scores to identify players with T scores that are consistently lower than the other score types. I hope the two options listed above will allow members to post more scores in addition to the T scores that I post for you.

RECRUITMENT AND MEMBERSHIP RENEWAL

Keep those friends, co-workers and other golf buddies coming! Don't forget, you can take \$5 off your renewal fee for next year for each new member you bring to the club (limit of five new members per person per year).

Brett Svobodny is back from an appendectomy and finishing in the money again. Nice recovery, Brett. Remember to keep any ailing club members in your thoughts and prayers.
